***Allowable Subject Matter***

1. Claims 1-29 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 29, Hankui (WO 02/084784A) discloses a handset for radio communication and method of producing a handset comprising an antenna; a ground plane associated with the antenna; the antenna being situated in correspondence with an antenna end of the ground plane; at least one conducting surface situated over a part of the ground plane and separated from the part of the ground plane, the at least one conducting surface being arranged so that the part of the ground plane and the at least one conducting surface, in combination, establish a resonance circuit having a high impedance at an operating frequency of the antenna, towards the antenna end of the ground plane. Hankui, however, fails to specifically teach that the at least one conductive surface is separated from the ground plane by a distance of 0.8 to 20 mm.

Claims 2-27 are allowed for depending on claim 1.

Reasons for indicating allowable subject matter for claim 28 were provided in the previous Office action.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
